

FMA Members,

On November 20, FMA along with other Student Professional Organizations will be sponsoring a day-long company tour of Prudential's Corporate Headquarters in Newark, New Jersey. During our visit, attendees will learn about Prudential's long and proud history and gain information about the internship and post-graduation opportunities they offer. The trip will feature a "soft-skills" workshop, employee mobility discussion, and an executive key note speaker.

Transportation and lunch will be provided and all other expenses will be covered for this event. FMA members are strongly encouraged to attend this excellent opportunity to get a front line look at a major financial company!

More information to come, so stay tuned and save the date – November 20!
